Resin-Coated Steel Frame

Liquid-coat resin sealers lock out corrosion, discoloration and dirt build up before they can start.

Resin Exterior Wall Sealer

By adding liquid-applied resin sealer to the exterior of the wall, we offer you maximum protection against the elements.

A size for every back yard!
With eight round and four oval pool sizes from which to choose, there's a Southshore STR for every family.

*Water capacities shown are with water to the middle of the skimmer and a 2" protective layer of sand under the liner.

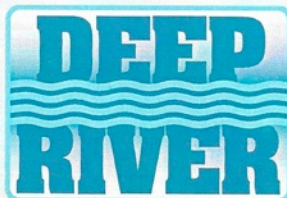

Epoxy Interior Wall Backer

True epoxy repels moisture between the wall and liner and protects your wall as only epoxy can.

Space-Saving Narrow Yard Ovals

Narrow Yard Ovals give the luxury of an oval pool without the space constraints of the traditional buttress system.
